RIHAB FEKI

Computer science engineering student

@ rihab.feki@supcom.tn   📞 +216 90 186 285   📍 Tunis, Tunisia   in linkedin.com/in/rihabfeki

Student at Sup'Com completing an Information Technology major. I am fond of Data Science since this field is at the core of my interests. Currently looking for a data scientist summer internship.

EXPERIENCE

ARDUINO Instructor
YOUTH FOR SCINECE FOUNDATION

📅 08/2018 – 09/2018   📍 Nabeul, Tunisia

- Scientific Summer Camp dedicated to high school students.
- Workshops about ARDUINO and robotics.

Web Development Instructor
GOMYCODE Coding School

📅 06/2018 – 08/2018   📍 Tunis, Tunisia

- Content creation of the platform of education.
- Animating Workshops and monitoring students projects.

keywords: JavaScript, HTML, CSS, ReactJS, Node.js.

PROJECTS

IoT and Machine Learning project
SUPCOM

📅 3 monthes

- Design and realization of an IoT platform based on LoRa Technology for Telecontrol irrigation and soil fertilization.

keywords:IoT, RaspberryPi, Python, AWS, Machine Learning.

Mobile app development project
SUPCOM

📅 2 month

- Develop a real time vote and question/answer application between speakers and the audience to assure interaction in conferences

keywords:Java, UML, Android, Firebase, UX/UI Design.

EXTRA-CURRICULAR ACTIVITY

Hult Prize Foundation

📅 10/2018 – Present   📍 tunis, Tunisia

- Info Sessions to present Hult Prize and its Challenge of social entrepreneurship : Youth Unemployment.
- Organizing training sessions and Boot Camps of training(pitching, Business Modal, Marketing) for 30 teams.

CERTIFICATIONS

- IBM Cognitive Class : Python for Data Science
- Youth For Science Certification :Applied Mathematics by MATh.en.JEANS
- IBM Cognitive Class: Machine learning with Python
- Coursera: Neural Networks and Deep Learning

EDUCATION

ICT engineering student
Higher School of Communication of Tunis (SUP'COM)

📅 09/2016 – Present   📍 Tunis, Tunisia

Subjects: Big Data, Machine Learning, Probability and stochastic processes, UML, Programming languages(C/C++/JavaEE), image sound processing

Pre-engineering cycle
Preparatory Institute for Engineering Studies - El-Manar (IPEIEM)

📅 09/2014 – 06/2016   📍 Tunis, Tunisia

Rank:78/1200 in the national exam.
Subjects: Computer Science, Mathematics, Chemistry, Physics.

SKILLS

Domains: Machine Learning, Deep Learning, Web Development

Coding: Python, TensorFlow, Keras, C/C++, Matlab, ReactJS.

Databases Management System: Hadoop, MySQL, MongoDB.

graphic design: Adobe photoshop, Adobe premier pro, Adobe after effect

Operating Systems: Linux, Windows

SOFT SKILLS

Hard-working   Active Learning   Motivator & Leader   Teamwork   Creative Thinking   communication
